ROUND-TABLE DISCUSSIONS

New this year! Join small group (moderator led) discussions over lunch among SCT members on how to get the most out of being a member, as well as providing opportunities for a small-group discussion in your area of interest. There is no additional fee, but space is limited and will be available on a first-come, first-serve basis.

Monday, May 20

11:30 AM - 12:45 PM T1 T2 T3 T4 T5

PAYMENT METHOD

Payments via credit card can be made via the secure website at www.sctweb.org/meeting.

If paying by check, make it payable to Society for Clinical Trials, and send registration form with payment in US dollars to:

Society for Clinical Trials
100 N. 20th Street, Suite 200
Philadelphia, PA 19103 USA

Written cancellations received via email to sct@fernley.com by May 6 and will be refunded less a \$100 administrative fee. There will be no refunds issued after May 6.

Workshop P1

Clinical Trial Data Monitoring Committees and Reporting
Statistical Centers: The Basics and Emerging Issues

Workshop P2

SMART Clinical Trial Design for Large and Small Samples

Workshop P3

Essentials of Clinical Trials

Afternoon Workshops

(may only select one)

Workshop P4

Statistical Concepts in Clinical Trials for Non-Statisticians

Workshop P5

Control Groups, Clinically Important Differences and
Effect Sizes in Complex Interventions

Workshop P6

Methods for Causal Inference from Randomized Trials with
Loss to Follow-up or Non-Adherence"

Evening Workshops

(may only select one)

Workshop P7

Designs for Modern Phase I Oncology Trials

Workshop P8

Personalized Evidence-Based Medicine: Predictive Approaches to Heterogeneous Treatment Effects in Randomized Trials

Workshop P9

Using Studies Within a Trial (SWATs) to Increase the Evidence Base for Trial Process Decision-Making

In-Conference Workshops

Workshop IC1

Designs for Modern Phase I Oncology Trials

Workshop IC2

Engaging 'tricky' sites: hints and tips

Workshop IC3

Statistical Graphs in SAS Using Graphics Template Language (GTL)

Workshop IC4

Using Studies within a Trial (SWATs) to increase the evidence base for trial recruitment and retention decision-making

Workshop IC5

PRECIS-2: Precisely how can this tool help investigators design trials to achieve practical answers to "real world" questions?

Round-Table Discussions, Monday, May 20

(may only select one)
